TEG®

# COMPANY PROFILE

**TEG BRAKES INDIA** was founded by **Mr.Late Sh. Daya Singh** in 1980, became the first company in the field of Indian replacement market of these products. we are specialized in develop and manufacture of Hydraulic braking system products, including brake master cylinder, wheel cylinder, clutch master cylinder, slave cylinder, Wheel Cylinder Kits, Brake Master Cylinder Kits.

We have a strong distribution network all over India which allows us to meet the delivery schedules. Teg Brakes India is one of the leading manufacturers of customized automotive parts. We are established in Sahibabad (U.P), Our company have more than 100 sets of production equipment, most from Taiwan, Japan, and domestic famous enterprises. We manufacture with CNC Machine, Test the production by the precise pneumatic gauge and microcomputer, and owns the advanced assemble and testing line, which could control the key performance of the products 100% online before left factory.

Our range is well known for its features of corrosion resistance, accurate dimension, long durability and many others.

Aim at high-tech and high quality products as business ideals, innovating continuously operational mechanism, most products mainly sold to all over India and overseas.

## CONTENTS

WHEEL CYLINDER  01-07

BRAKE MASTER CYLINDER  08-13

CLUTCH MASTER CYLINDER  14-18

SLAVE CYLINDER  19-21
